**HOMOPHONES**

A homophone is a word that is pronounced the same as another word but has a different meaning. Homophones sound the same but are spelled differently.

10 Now, **CLICK CONTINUE** to see some examples of homophones.

11 Alright - now that you've received your homophone training, let's make sure you've got the proper paperwork.

Make sure you're clear on what a homophone is. You'll want to write down the definition in case you need it later!
