

ROUNDING: 10 & 100

LINKtivity
Interactive Learning Guides

WAIT!

Thank you for considering this LINKtivity for your classroom, but before you make a decision - you should know that you can get **access to this LINKtivity + PLUS our entire library** for about the same price as a single LINKtivity!

The results are in: **Teachers LOVE LINKtivities...** and want more! So, we've made it SUPER easy and cost effective for you to access any and ALL of our LINKtivities inside our LINKtivity Learning membership option! Instead of purchasing just ONE LINKtivity - why not get access to ALL of them... for about the SAME PRICE!

INSIDE THE MEMBERSHIP YOU'LL HAVE UNLIMITED ACCESS TO:

- ✓ The **entire growing LINKtivity® library** inside the Membership (LINKtivities for all content areas)
- ✓ ALL **future LINKtivities** to be added to the membership (new releases each month!)
- ✓ **Teacher guides** to help you set up each LINKtivity® successfully in your classroom
- ✓ **Student resources** that go along with each LINKtivity (printable OR digital)
- ✓ **Kid-friendly rubrics** and **answer keys** for each LINKtivity®

JOIN NOW

Inside the Rounding to the Nearest Ten and Hundred LINKtivity® students will learn what it means to round a number and when rounding is helpful. Through video, audio, and text, students will learn how to round using a number line as well as using math rules to round to the nearest 10 and 100. Students will complete several practice problems to show their understanding of the concept.

More Sample Slides

Rounding is when we replace a more complicated number with a **simpler number** that has about the same value.

The simpler number is not as exact, but it's **easier to work with**.

ROUNDING TO THE NEAREST 10

7 rounds to 10

A number line can help me visualize when I round. When I round **7** to the nearest 10, I can see on the number line that it is closer to the 10 landmark than it is the 0 landmark. **Click "CONTINUE"** to keep practicing.

282 ROUNDING TO THE NEAREST 100

Look at the number **282**. If I want to round this number to the nearest hundred, I must first find which hundreds landmark numbers 282 falls in between. In this case, 282 falls between 200 and 300. Then, we can zoom in on the number line and focus on just the numbers between 200 and 300.

I can see that 282 is closer to **300** than 200, so 282 rounds UP to 300.

Now YOU try! **CLICK "CONTINUE"** to move on.

1 ROUNDING TO THE NEAREST 10

49 rounds to

Undo

10	20	30	40	50
60	70	80	90	100

Now, try rounding to the nearest ten by visualizing the landmark numbers and number line in your head. Drag the correct landmark number into the box to show your answer. You can always click the ? icon for help.

estimate: to guess

~~9~~ **10** ~~8~~ **10** ~~11~~ **10**

33 ROUNDING TO THE NEAREST 10

Look at the number **33**. If I want to round this number to the nearest 10, I must first find which tens landmark numbers 33 falls in between. In this case, 33 falls between 30 and 40. Then, we can zoom in on the number line and focus on just the numbers between 30 and 40.

I can see that **33** is closer to **30** than 40, so 33 rounds DOWN to 30.

Now YOU try! **CLICK "CONTINUE"** to move on.

AUDIO SUPPORT

Perfect for English language learners or students who could use a little extra support!

The tablet screen shows a math activity titled "ROUNDING TO THE NEAREST 10". At the top, a green banner contains the title. Below it is a number line from 0 to 10. The number 7 is circled in orange, and a red arrow points from 7 to 10. A yellow box below the number line contains the text "7 rounds to 10". Below this is a cartoon girl with a speech bubble that says: "A number line can help me visualize when I round. When I round 7 to the nearest 10, I can see on the number line that it is closer to the 10 landmark than it is the 0 landmark. Click 'CONTINUE' to keep practicing." The word "CONTINUE" is highlighted in yellow. On the left side of the tablet, there are three circular icons: a bell with "Sound On", a blue arrow with "Continue", and a hand with a blue circle. A hand is shown pointing at the girl character on the screen.
